PUBLIC NOTICE

DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM

FFY 2021-2023 DBE GOAL

The Detroit Transportation Corporation (DTC), hereby announces that it has established a Disadvantaged Business Enterprise (DBE) Program Goal for Federal Fiscal Year (FFY) 2021-2023, in accordance with US DOT regulation 49 CFR Part 26, and toward encouraging the participation of disadvantaged businesses in projects funded in whole or in part with Federal Transit Administration (FTA) funds.

DTC set a DBE goal of **8%**, represented as a percentage of FTA funds DTC projects it will expend in FTA-assisted contracts, and based on the \$6,500,000 DTC budgeted for major projects for FFY 2018-2020. This means DTC anticipates expending \$520,000 with DBE firms over the next three years: from October 1, 2021, to September 30, 2023. The 8% goal also aligns with DTC's rail technology and construction spending patterns.

Information about DTC's DBE goal setting process is available online at www.thepeoplemover.com. DTC accepted comments on the DBE goal through June 11, 2021. Due to COVID-19 restrictions, questions and/or comments were sent by email to DTC-DBE@thepeoplemover.com, or by mail to the attention of:
